1A Burkitt Road, Woodbridge IP12 4JJ	An unexpected gem of a garden hidden behind a wooden door in a brick wall, with a beautifully designed pond	Some parking in road. Difficult accessibility for those with limited mobility, with steps into the garden
2 Ash Close, Woodbridge IP12 4BP	Small wild, front garden with a tiny bucket pond hidden amongst the flowers.	Some parking. Good visibility from pavement
5 Warren Hill Road, Woodbridge IP12 4DT	Lovely wild, front garden with mini-meadow. Beautifully landscaped nature-friendly back garden with an established pond, backing onto woodland	Good: some parking in driveway and in road. Level pathways, other than steps up to patio
6 Fynn Road, Woodbridge IP12 4LS	A newly-created pond using a recycled 1m ² , ceramic shower base, in a gravel and brick front garden, which is being rewilded. Drought-tolerant plants are beginning to take over the gravel areas and the small back garden's lawn has been disappearing with the introduction of a wide variety of perennials: hedgehogs have taken up residence, too.	Excellent: some parking available on roadside. No steps
13 Wilderness Lane, Woodbridge IP12 1EH	A 20-year old pond made using a vinyl liner over old carpet. The pond is 70cm deep at its centre, with a shelf at one end for plants and the other graduated with large stones to allow amphibians, such as frogs and newts, to get in and out. In springtime it is alive with frogs mating and plenty of tadpoles.	Limited parking nearby. The pond can be easily viewed from the lane with an accessible gravel garden in the front
